

Unclear Choices

Cristian Marin, 2015-16 NBA XPLOR Resident in Quad Cities, IL/IA

What steps to make, what choice to take.

Which, will not be a mistake, two three four different rides, all leading to various truths or lies,

but only one is filled with certain success, doesn't mean you won't find pain or stress.

Yet paths aren't certain and the destination isn't always clear,

Many times the unknown paralyzes us with fear.

Thousands of footsteps mark the roads and

Then, there's the one where the grass overgrows

Narrow and forgotten but light shines in its entrance

Many argue that there is also a divine holy presence

Fear drives us away, and this might be kind of cliché but

Paths cross each other like spaghetti on a plate

One wrong move and you can be on a path to destruction

Many times the right choice always has a form of obstruction

But in the light, the path becomes imminent, and the choice is revealed.

It was right there, in front of our face, it was never concealed.
